Some exceptions may apply to services available. Certain conditions or treatment may require additional clinic visits, tests, or charges. Please ask our clinical staff for more details. Vaccinations may require a series of doses and are subject to availability. Not all services may be covered under the patient's health care service plan or insurance. Dermatology consultations, if authorized under the patient's plan, are by referral only.

No emergency services are available at these locations. If you reasonably believe you have an emergency medical condition, call 911 or go to the nearest emergency department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage* or other coverage documents.
